

*South East Toronto*  
**Family Health Team**

February 8, 2012

Dear Patient,

It is with great excitement that we are announcing the opening of our **NEW** South East Toronto Family Health Team branch at 1871 Danforth Avenue. I will be seeing patients at this new branch as of March 12, 2012.

This clinic is a brand new extension of our current clinic at 840 Coxwell Avenue. Three of the family doctors from the current clinic, including myself, are moving to the new location. In addition, we have six family doctors joining our new branch and accepting new patients. Please feel free to send referrals our way.

All of the services you have come to know and appreciate with the Family Health Team will remain in place. Our pharmacist, social workers, dietitians, care navigator, addictions counselor, chiroprapist, registered nurses and nurse practitioners will continue to serve you at the new branch.

As well, we will remain a teaching unit for the Faculty of Medicine with the University of Toronto, and are dedicated to work along medical students and Family Medicine residents.

We are thrilled that this three-year project has finally come to fruition, and hope you will enjoy all of the services SETFHT has to offer at our new location. On site, you will also find a physiotherapy clinic (**Physiotherapy Health Group**) and a pharmacy (**Rexall IDA**).

If you currently have an appointment booked with me after the move date of March 12, please be sure to come to our new branch. Looking forward to seeing you at 1871 Danforth Avenue!

Sincerely,

Dr. Marcus Law, Dr. Jackie Bellaire & Dr. Sam Tirkos
